The B3R Female

ANGUS FEMALE SALE SUPPLEMENT

SATURDAY, FEBRUARY 8, 2025 | AT THE RANCH EAST OF ESTELLINE, TEXAS

FANCY | FUNCTIONAL | FERTILE

Fabulous Functional Foundation Females

Angus Females Offering

If you follow our program, you know how important we believe our cows are. They are the foundation to our program's longevity!

Here is your chance to own Bradley 3 Ranch Angus females! These females are backed by 66 years of raising females in our tough environment. Their dams, granddams and great-granddams have been held accountable for fertility and performance. Don't miss an opportunity to own Bradley 3 Ranch females!

Nothing is more important to our operation, or yours, than our cows. She has to be gentle, structurally sound, be very maternal in protecting her calves but most importantly, she has to rebreed quickly. We try to have expectations of our cows above almost any registered operation. Our replacement heifers are synchronized, and time bred once and then we turn in yearling clean up bulls for 23 days. They are bred to calve at 21 to 23 months of age. Our cow herd is natural bred with bulls turned in for 45 days. No second chances. If she does not bring in a calf, she does not get to remain a B3R cow. Maybe that is why we are one of the breeds leaders for Pathfinder® cows.

HEIFER INFO AND DATA

As soon as possible after pregnancy check, we will publish the sale offering on our website. We will also print a sale supplement that will be available at the ranch the week of the sale and on sale day.

If you are interested in purchasing heifers, please let us know so that we can notify you as soon as we have definitive answers as to the heifers selling and their pregnancy status.

We will have phenotypic data including ultrasound, EPD's that will be genomically enhanced with HD 50K and full parent verification. We will have ultrasound pregnancy verification on all bred heifers and veterinarian call as to AI or natural bred as well as the bull AI'ed to and bulls used as clean up. All open heifers will be sold ready to breed at buyers option. **Registration papers available at Buyer's request for additional \$200/head.**

*Our female customers will tell you
these thrifty, moderate framed cows last
and stay in production.*

FANCY | FUNCTIONAL | FERTILE

Fertility... nothing really matters without a live calf.

Fleshing ability... on grass while being able to cope with the fluctuating nutritional conditions and still raise a calf.

Feminine moderately-framed female... long-bodied, big-ribbed cows that are very efficient in converting roughage to reduce input cost.
